

Fucoxanthin from microalgae

FUCOXAN[®]

**For longevity, antioxidant
& cellular protection**

Highly concentrated bioactive compounds extracted using supercritical CO₂

Bioactive ingredients:

	1 capsule	2 capsules
Microalgae (<i>Phaeodactylum tricornutum</i>) extract, containing:	40 mg	80 mg
Fucoxanthin	3 mg	6 mg
Flaxseed (<i>Linum usitatissimum</i>) oil	280 mg	560 mg

Phaeodactylum tricornutum supercritical CO₂ extract standardised with flaxseed oil to contain 3 mg of Fucoxanthin per capsule.

Fucoxanthine has several health-promoting properties, such as: anti-obesity, antidiabetes, antioxidant, anti-inflammatory.

Fucoxanthine has cardiovascular and cerebrovascular protective effects as well as hepatoprotective effects.
